

**PUBLIC HEARING NOTICE**  
**Wayne County Joint Comprehensive Plan**  
**“Where It All Comes Together”**

*Want an improved place to live, work, recreate, and do business in Wayne County?*

The local governments of Wayne County and the cities of Jesup, Odum, and Screven are in the initial stages of a process to develop a new joint comprehensive plan in accordance with state law.

The joint comprehensive plan is a guide to making Wayne County and its municipalities improved places to live, work, recreate, and do business for all concerned. It outlines a community vision, identifies needs and opportunities, defines long term policies, and includes a community work program to provide a guide and blueprint for future growth and development within the community jurisdictions. It is desired that this plan not only meets state requirements, but also truly expresses the community’s wishes for future growth and development.

An initial public hearing is scheduled to provide an opportunity for citizens to express their thoughts regarding vision for the Community’s future, to receive input on the issues and opportunities facing the Community, and to identify solutions, strategies, and actionable efforts that could be employed to make Wayne County and the cities of Jesup, Odum, and Screven better places to live and work.
